

Introducing the new REVOLUTION

The Revolution is a completely new hollowing system from the world leaders in fine turning tools. From its beautifully weighted handle to its cryogenically treated cutting tips, The Revolution is designed to be the finest hollowing tool on the market.

The modular articulated design allows the woodturner the freedom and flexibility to configure the tool for any situation. From straight vases to heavily undercut hollow forms, The Revolution has it covered.

At the heart of The Revolution is the new fully depth adjustable Super Ring. The Revolutionary design of the Super Ring ensures clean and efficient wood removal at all times. With five different cutting tips and a modular articulated design, The Revolution is a must have tool for all woodturners.

- Supplied with five different cutting tips for unrivalled flexibility.
- Clever modular design allows for many different configurations.
- All collars and collets beautifully machined from solid marine grade brass billet.
- High performance cryogenically treated cutting tips for vastly improved wear resistance.
- New adjustable Super Ring allows for ultra efficient wood removal without clogging.
- Slimline articulated tip design for unrestricted access to those hard-to-reach cuts.
- Expandable.
- Hand made in Sheffield, England.
